Minutes

Agenda item: See who has started their slides, who will do which issue on Generative A.I. and history, I worked on applicable technology slide and the impact as well after
Presenter: AJ Estrella

Discussion:

We discussed the slides and who has been progressively to the point of completion. Understanding what we should do for the reference slide. We also deep dive into what's important to Generative A.I., understanding what's the issues we should elaborate on the slides.

Conclusions:

In conclusion, we came together and made sure we were doing our part in the slides and figuring out the reference slide. Focusing on the issues at hand and who decided to start doing one of the issues and history of Generative A.I.
